

To configure you Sign

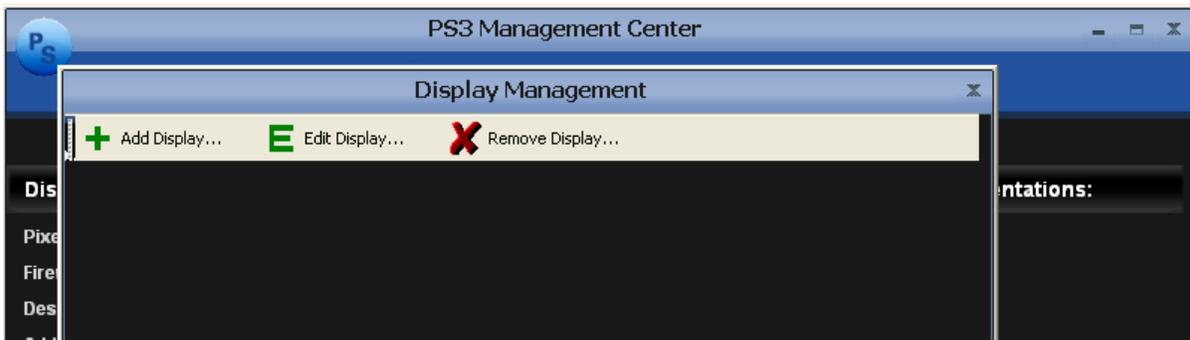

1. Top left corner click PS Bottom

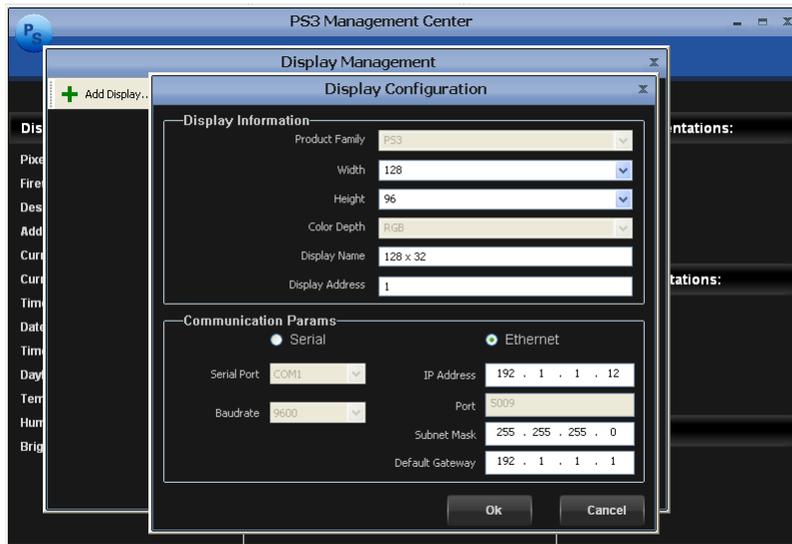

2. Click on Displays Configure PS3 Displays

3. We can Add display , Edit Display o Remove Display

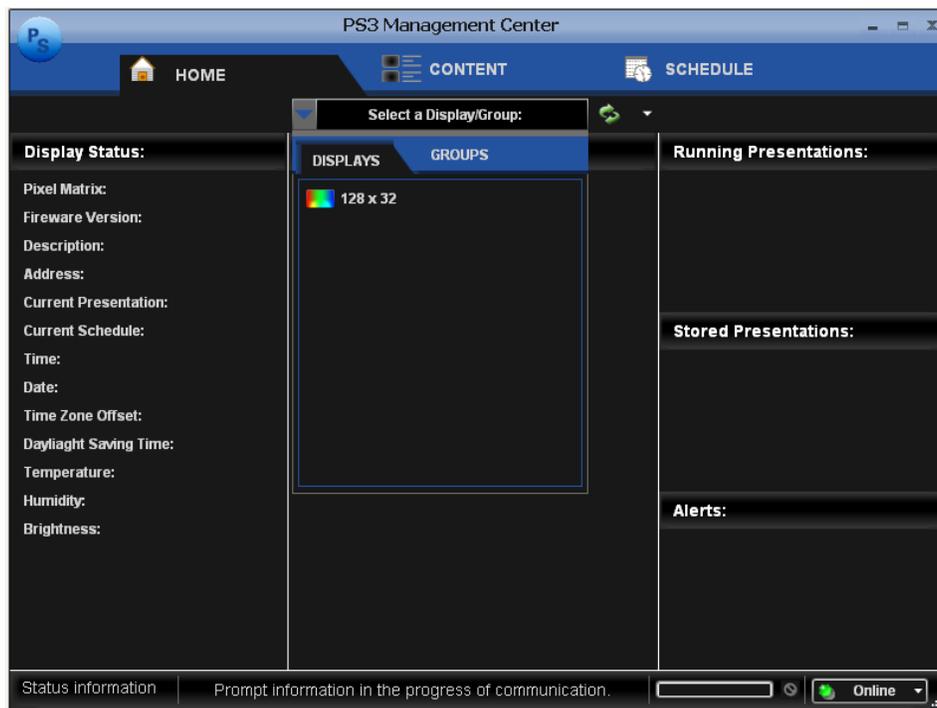

4. Let click Add Display, put all the information for our sign.

In this step, we can add The size, Display Address, If the sign is connected Serial or Ethernet.

5. Select your display by clicking down the arrow, then select the sign we just create.

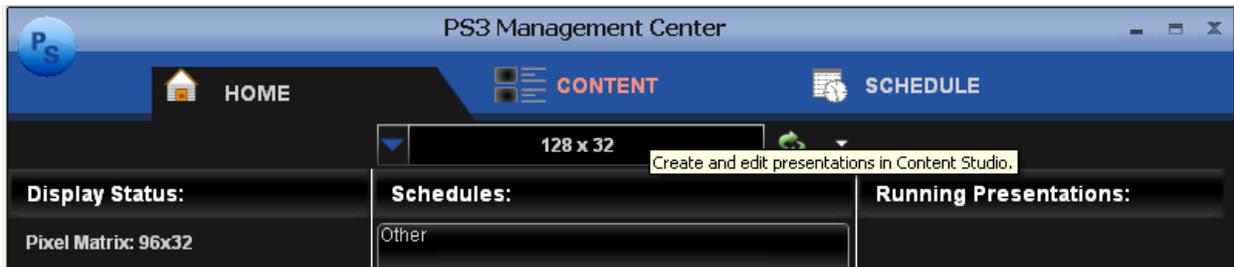

6. In this page you will see the status of your sign Pixel resolution, Address

To create a new presentation

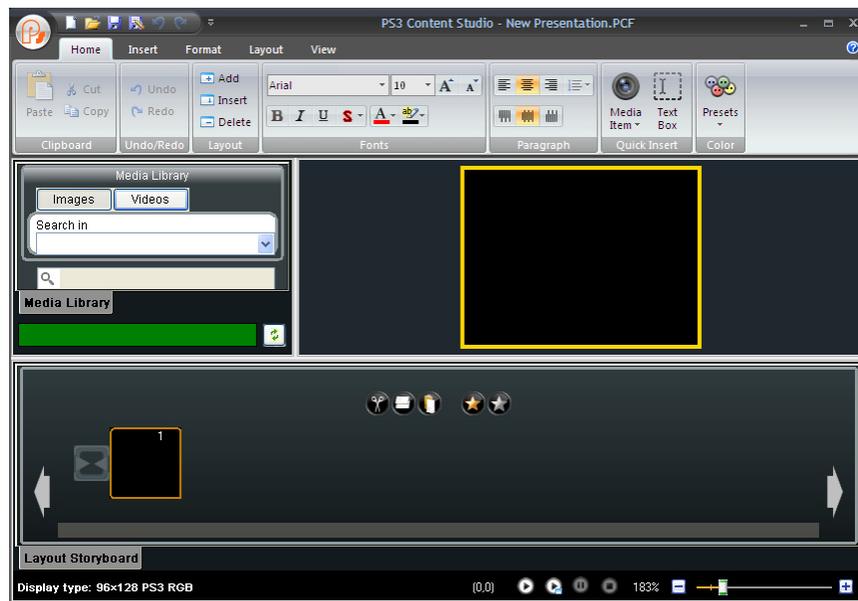

1. Open the application “PS3 Management Center” and select your display. Change to Content Folder

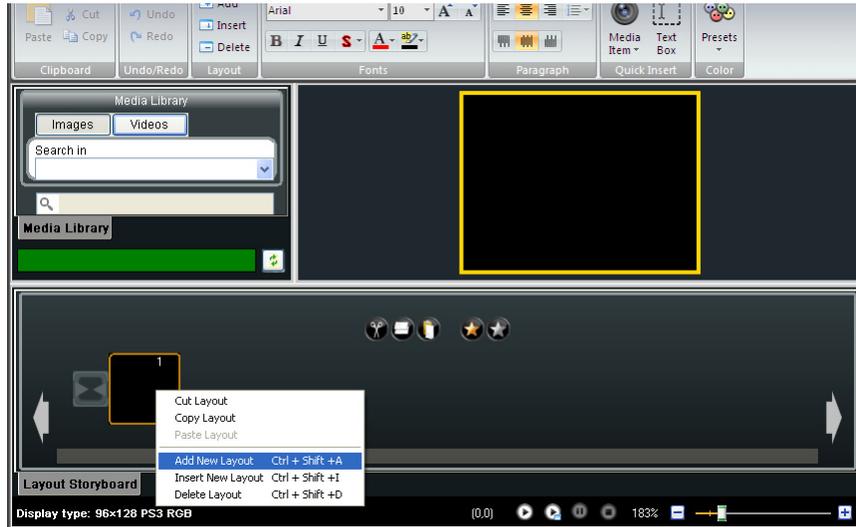

2. Click create to start a new presentation

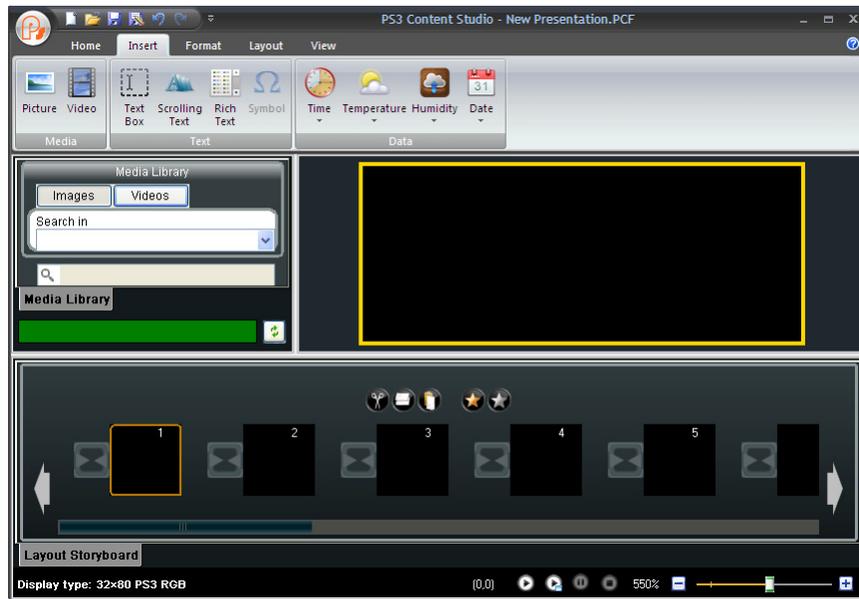

At this moment PS3 Content Studio application it will appear Here is where we do our presentation for the display

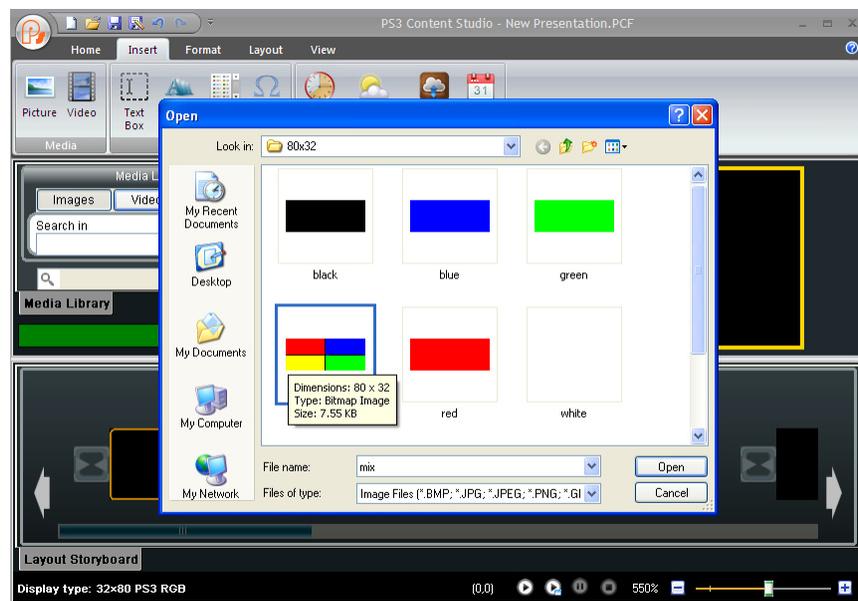

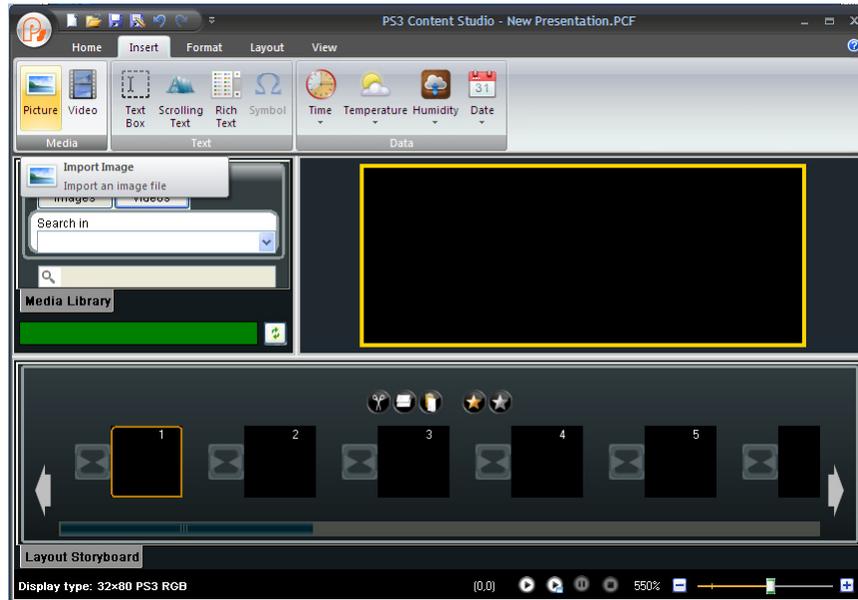

3. First we have to add how many slider we need To add a new Slice jus right click on the first slice the add new layout

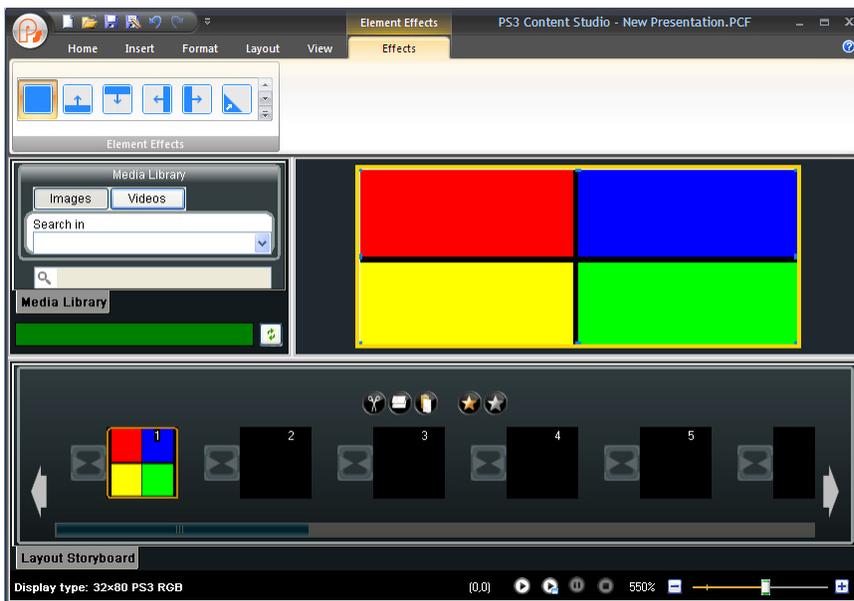

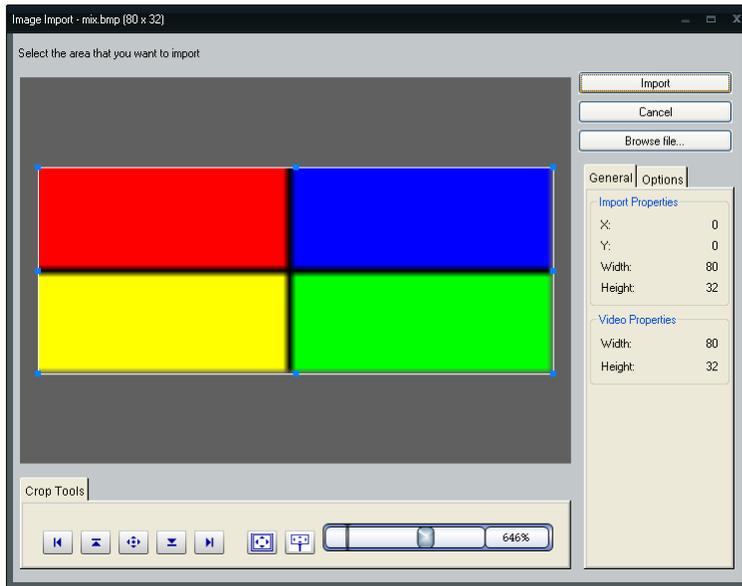

4. Now change tab to Insert, to ad Picture Video Text Scrolling Text, Time Temperature Date.

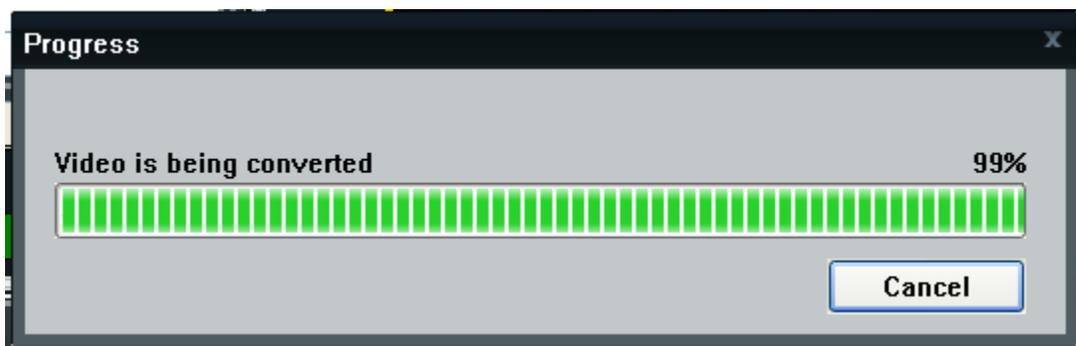

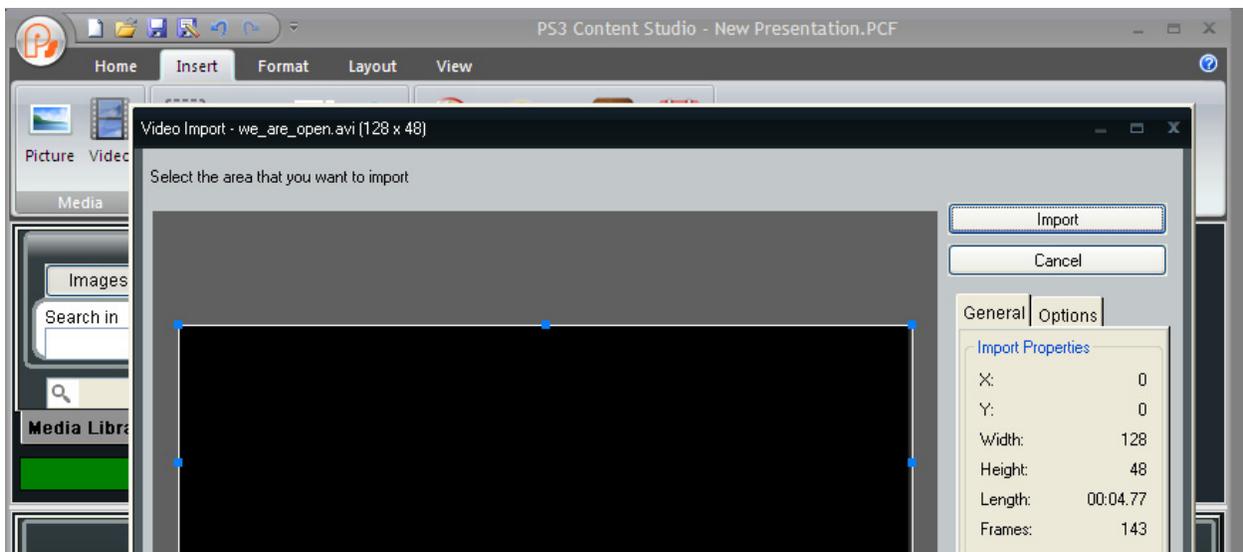

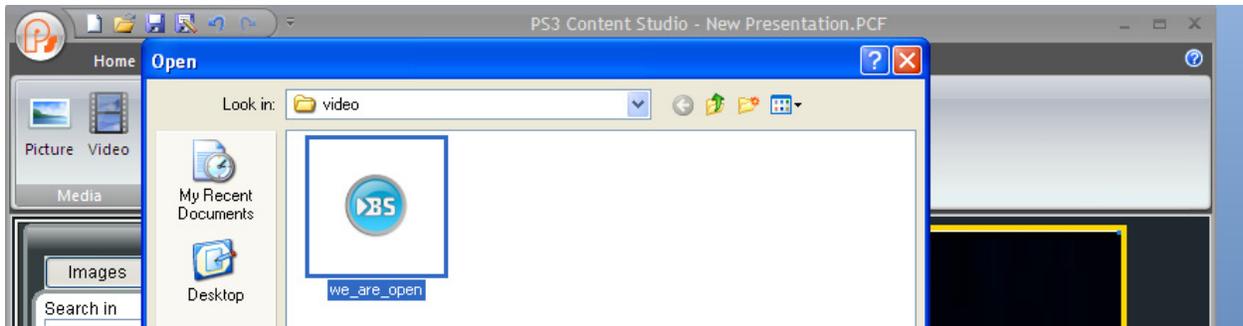

To insert a picture, first select on which slide we want (exmp, #1)

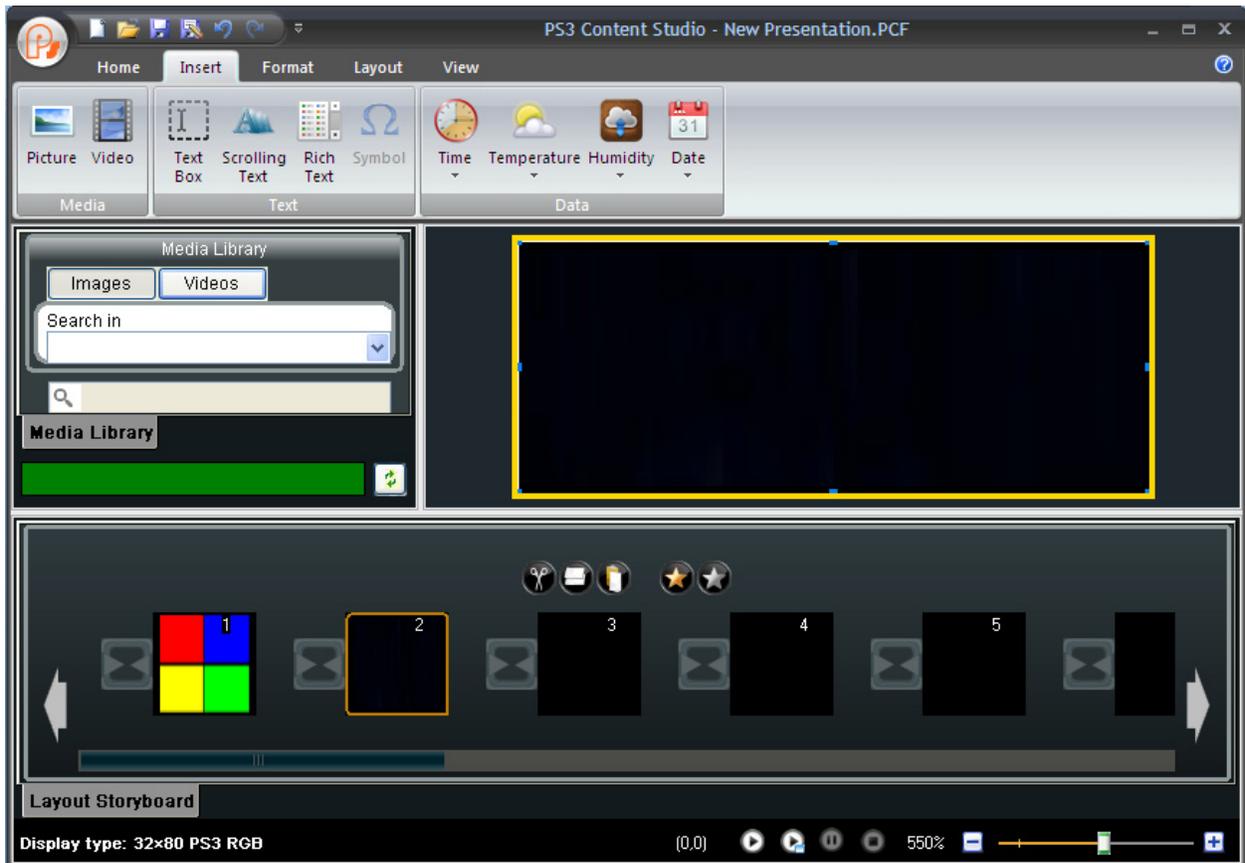

Click import to return to the previous screen

5. Now let insert a video

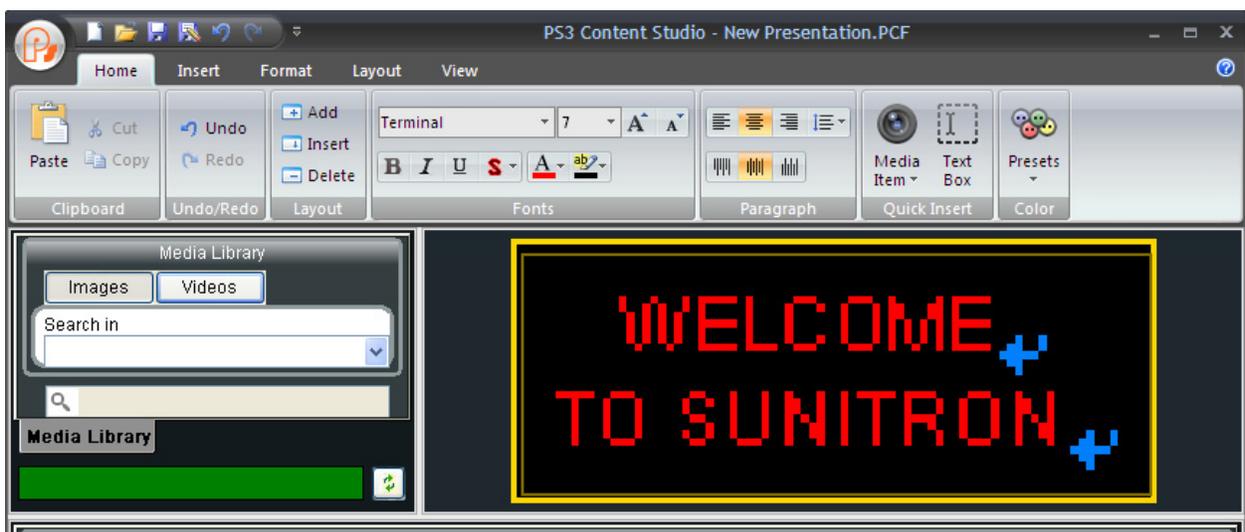

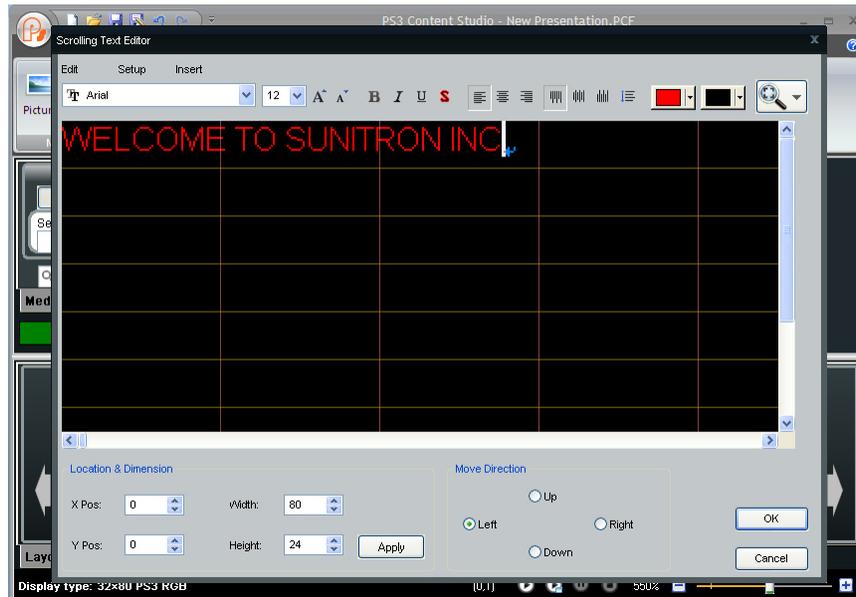

6. Let insert Text

The difference between "Text Box", "Scrolling Text" & "Rich Text"

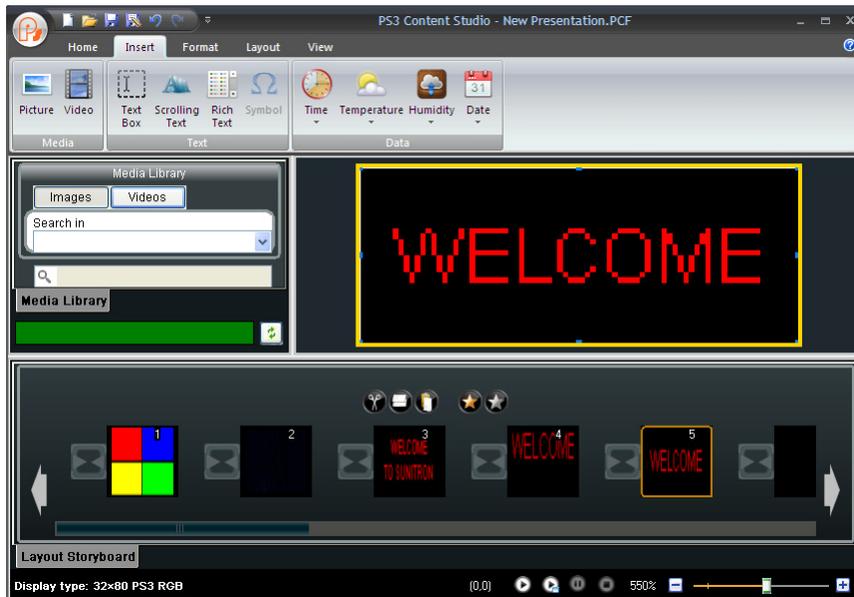

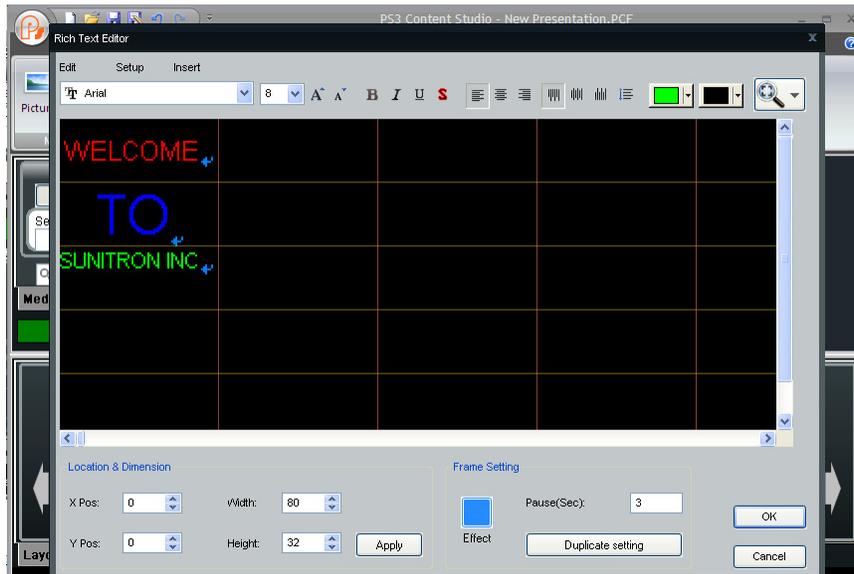

Text Box: is just one page

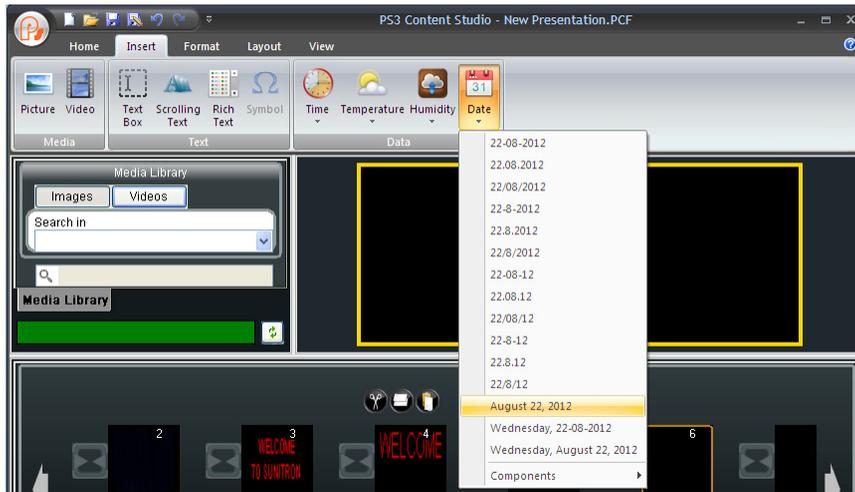

Scrolling Text: Is a large message the need to be scroll.

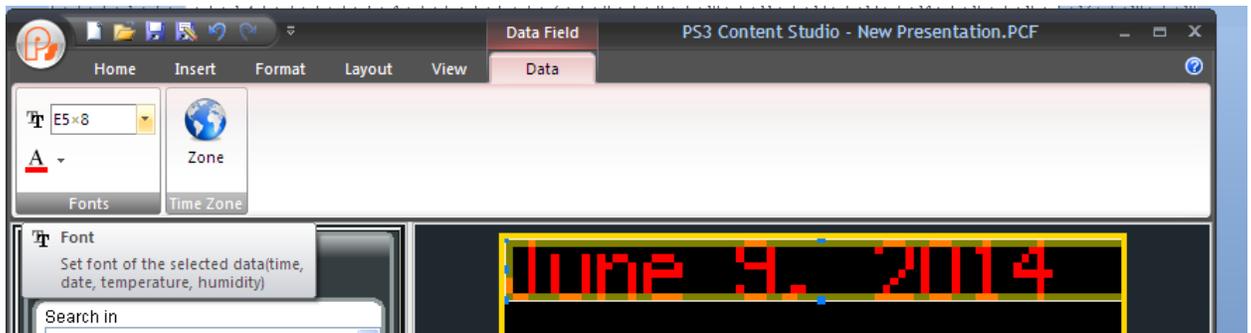

Rich text: is just a large message showing in different pages, with different exact per pages, and different attribute (Fonts, Size, Color)

7. Let insert Date & Time

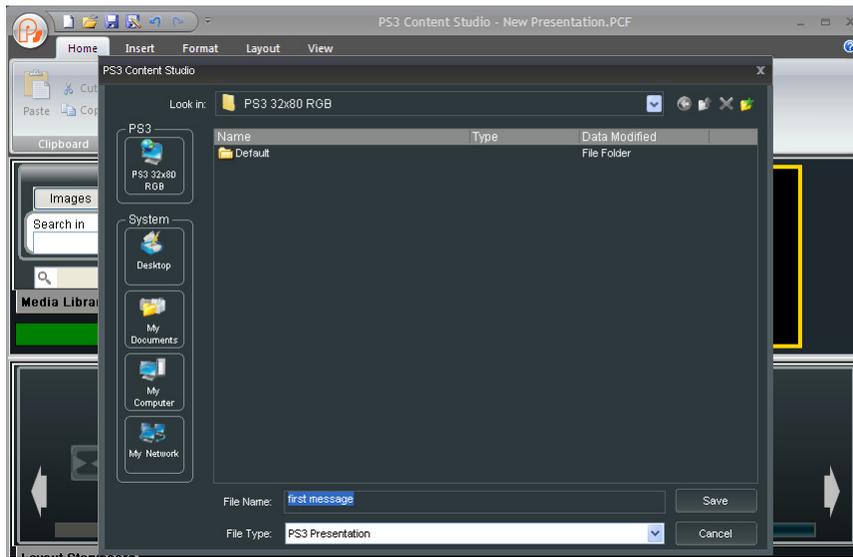

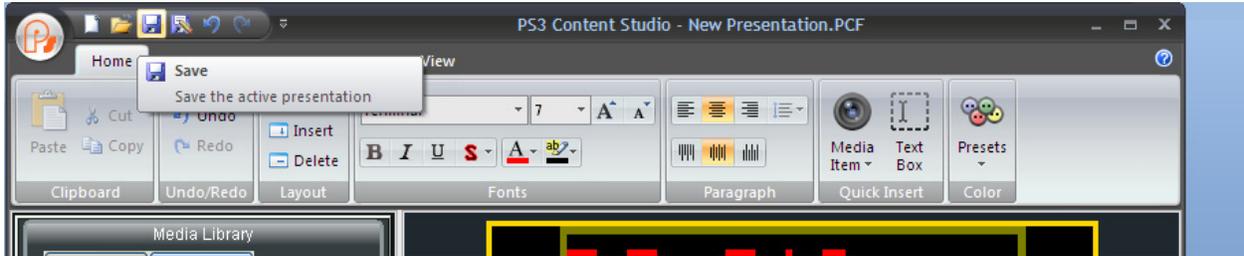

We can choose the how to show it (Month, Day & Year) also we can change what size of the font

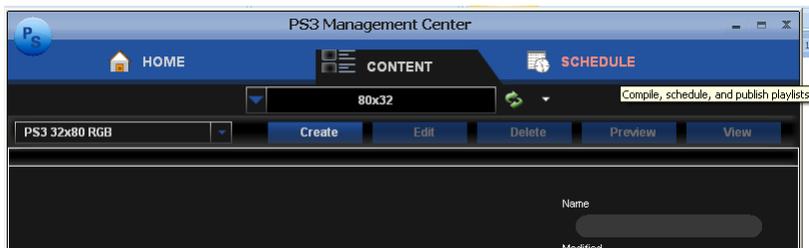

8. Lets insert Temperature

9. Our Message is ready let save it

10. Now we have to compile, make the schedule and publish our message by clicking on the schedule tab. This section is where we can select when to show our message and for how long. Also we can select more the one message to be show in different time and dates

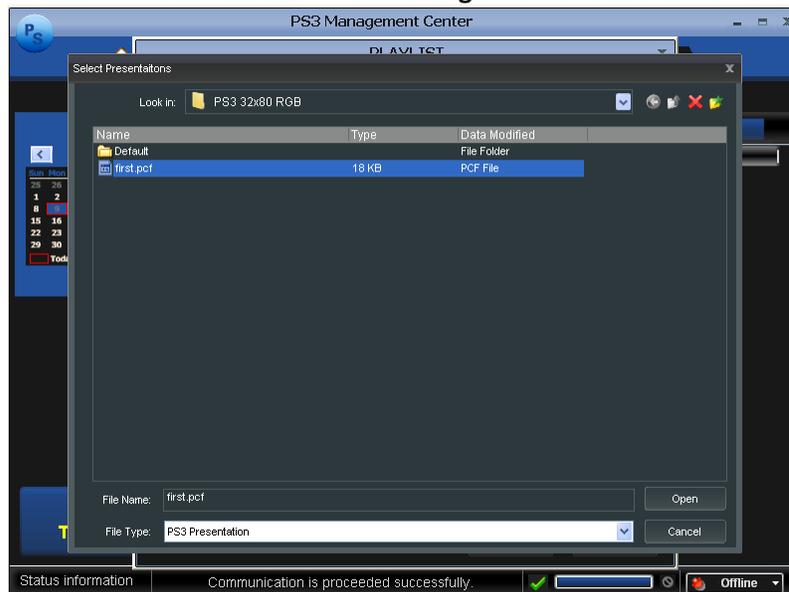

Lets add our first schedule by clicking “ADD”

Here is where we chose the name of the schedule

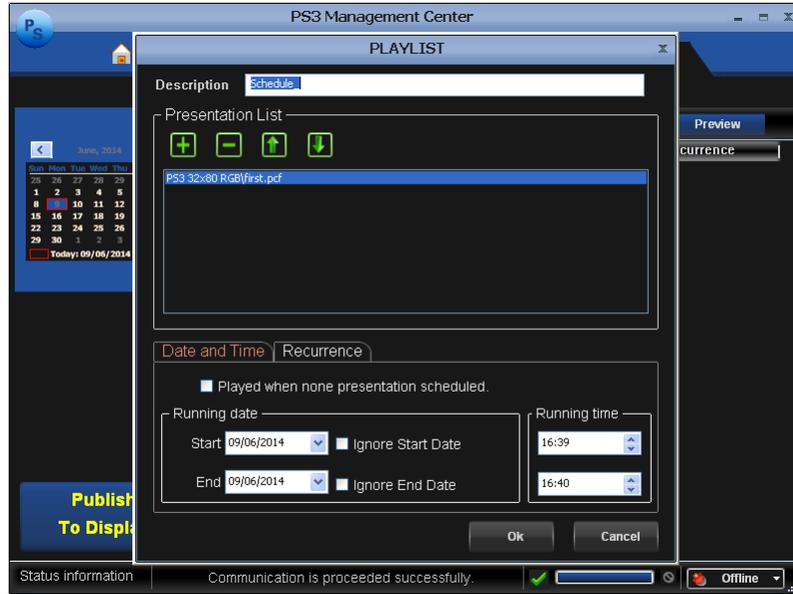

,by clicking the “PLUS Botton” we can select which message we want to show on the display

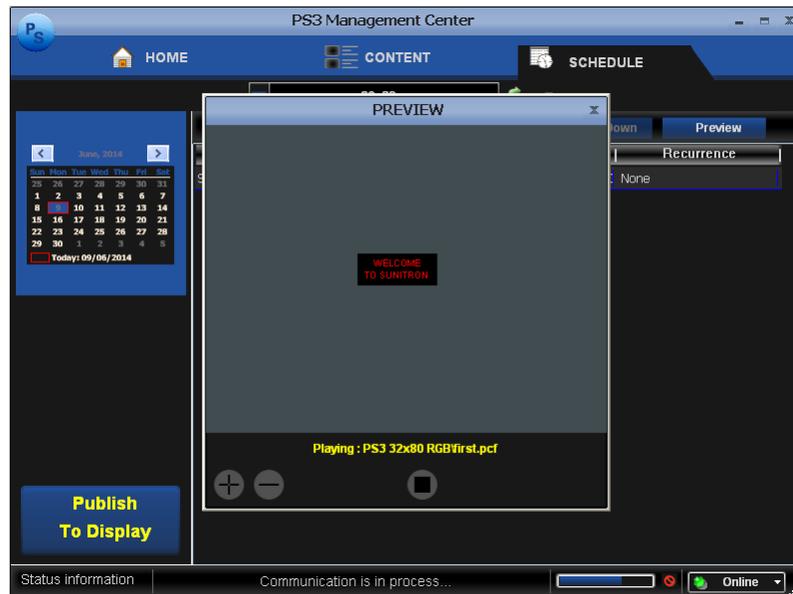

Now we have to select when we want to show the message

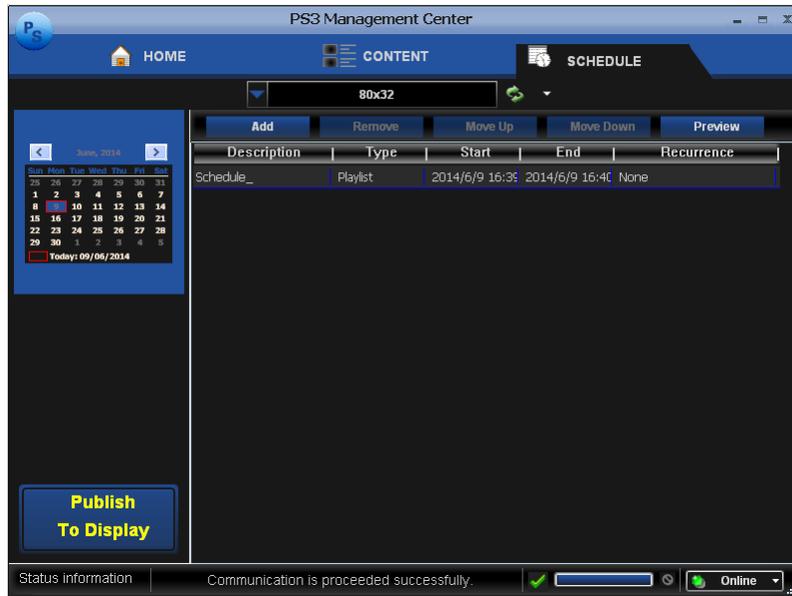

Running in specifically time and date or Played without schedule. Then click "OK".

11. Now we have can preview the message

12. Now we are ready to sent this new message to the sign by clicking the button “Publish To Display”

The screenshot displays the PS3 Management Center interface, specifically the SCHEDULE section. The interface includes a navigation bar with 'HOME', 'CONTENT', and 'SCHEDULE' tabs. A dropdown menu shows '80x32'. Below the navigation bar, there are buttons for 'Add', 'Remove', 'Move Up', 'Move Down', and 'Preview'. A table with the following columns is visible:

Description	Type	Start	End	Recurrence
Schedule_	Playlist	2014/6/9 16:38	2014/6/9 16:40	None

On the left side, there is a calendar for June 2014. The date 09/06/2014 is highlighted. At the bottom left, there is a prominent yellow button labeled 'Publish To Display'. The status bar at the bottom of the window shows 'Status information' and 'Communication is proceeded successfully.' with a green checkmark icon. On the right side of the status bar, there is an 'Online' indicator with a green dot.
